

# A Note From The Chairman

The 2012 conference promises to engage the PASSION to get you going, and keep you motivated to serve your organization's mission. FANO's national and international speaker line up, subject matter experts, philanthropists and the artists performing during FANO's first Express Yourself Program are designed to address the challenges and offer the power to PERSEVERE during today's economic challenges.

Besides serving as your FANO Chairman, I also belong to 29 other organizations and therefore can speak first hand of the joy of service to support the fundamental purposes of each group. It is my sincere wish that you will leave the conference finding yourself serving with a renewed strength of Purpose, a deeper Passion and a determined Perseverance... So that your mission remains, "SOLID AS A HEART!"

Please join me and the members and friends of FANO in Miami Beach as we once again celebrate, network and discover.

Sincerely,

A handwritten signature in black ink that reads "Barry N. Burak, FACC". The signature is fluid and cursive.

Barry N. Burak, Chairman
